

# GRANBERG 5503

## Cut-Resistant Gloves with Impact Protection

Made from Typhoon® HPPE, fully nitrile-coated, and oil-resistant.

- Extremely flexible and comfortable, suitable for both heavy-duty tasks and precision work.
- Ideal for damp and greasy environments, thanks to the full nitrile coating.
- Provides high cut protection – Level D.
- High-visibility green impact protection on the back of the hand, offering a soft yet durable shield.
- Abrasion-resistant sandy nitrile palm for superior grip.
- Elasticated cuff ensures a snug and secure fit around the wrist for added comfort.
- Reinforced thumb crotch enhances durability for extended use.
- Touchscreen compatible for seamless device operation.
- Resistant to contact heat up to 100°C for 15 seconds (EN 407).

### Features

Cut Resistant

Touchscreen Compatible

### Standards and Approvals
